

ANNUAL REPORT

2013-14 to 2017-18

Dr. C. V. Raman Science College, Sironcha is a single faculty science college established in 2006. It runs only 3 years B.Sc. course at Undergraduate level. There are five subjects namely Chemistry, Botany, Zoology, Mathematics and Physics in the college opted by the students under two different streams – CBZ (Chemistry, Botany and Zoology) and PCM (Physics, Chemistry and Mathematics) English is a compulsory first language subject for all the students admitted in the first year. Marathi or Hindi is the second language subject that is optional. Both the language subjects are mandatory for first year students only.

The objective of the college is to strengthen science education at the Undergraduate level.

- To stimulate critical thinking through providing ‘hands on’ exposure in experimental work.
- To provide better library facility to student and teachers in the college.
- To organize Workshops/Seminars/Guest lecture/Invited talks for the benefit of the students.
- To conduct field Trips/Excursions for students to optimize learning.

The college offers equal opportunities to students irrespective of caste, creed or religious backgrounds. The admission policy followed by the college is in accordance with the norms set by Gondwana University of Maharashtra to which it is affiliated.

Name of the course	Stream Offered	Seats
B.Sc. I, II & III year	CBZ / PCM	360
